NEW RELEASE -

EUPHORIA

Coleman is excited to announce the release of his new single "Euphoria", from his third album Gravity.

"Euphoria" features Hiroshi Upshur on keys and synth, guitarist Josh Sklair, pianist Michael B. Sutton and backing vocals by Dionyza Sutton.

This single is a get down dirty danceable smash with Mitchell Thumpin at his best!

**"THE PLAYING THROUGHOUT IS GUNFIGHTER
SERIOUS. MITCHELL CAN PL-LAY, FOLKS!"**
