The Sage of Song....

Genre-less music created from Spirit-Sex-Divine experiences manifested and expressed by taking the Course of Miracles and The Course of Love

“We are Spiritual-Sexual beings, not being completely at peace with that fact is the primary cause of most of the trauma and drama we witness on the planet.” Most of the violence, greed, inhumanity, control (of women and bodies, etc.) stems from an immature egoistic state of mind and its underlying erroneous beliefs.

“In our natural state we are FREE. . No boundaries, no rules, no limitations...” Do no harm nor judge others, forgive everyone and everything unconditionally. Live and Let Live. BE at peace with your true Self and see others in grace, light, and harmony.

“When it’s my time to exit the planet, I will be going out rocking, sharing my experience, strength and hope with my magnificent brothers and sisters....”
