

# **MS TAYLOR P COLLINS**

## ***Strong, Confident Woman***

Ms Taylor P Collins' candid and to-the-point \*soon-to-be released single, ***Strong, Confident Woman*** could easily be an anthem for today's strong Women's' national movement, because women are unparalleled when it comes to their unique ability to inspire, empower and transform lives. While a woman's values, strengths, achievements and multitude of contributions provoke change throughout the world, oftentimes her biggest challenge is "setting those straight" who share the long-standing misconception that a woman's power ends with her sexuality.

Collins' ***Strong, Confident Woman*** is a rhythmic track brimming with funk-driven percussions and bass, a lead guitar with major attitude, thumping keyboards and screaming horns. Ms Taylor P Collins' fun and catchy song boldly and clearly extols the importance of 'mental stimulation', 'well rounded conversation', and 'someone who can really peak her imagination'... because, truth be told, at the end of the day, 'sex don't make you sexy.'

(\****Strong, Confident Woman*** will be released and available for purchase on CD Baby on July 15. It will also be available for purchase on iTunes, Amazon, Spotify and other major platforms, tentatively the following week. Ms Taylor P Collins' EPK is available for review at [www.epresskitz.com/StrongConfidentW](http://www.epresskitz.com/StrongConfidentW))
