DEB RYDER

Enjoy The Ride

Enjoy The Ride, the fourth studio album by multi-award nominee and powerhouse singer-songwriter **Deb Ryder**, is undoubtedly her most outstanding record yet! Produced by Grammy Award winner **Tony Braunagel** and Executive producer **Ric Ryder**, it shines like a beacon as the next level in the progression of an artist that has what it takes to deliver on all fronts. The thirteen original tracks by Ryder take you on a sonic journey that weaves seamlessly through multiple blues styles, back-porch, hill country, gospel stomp, R&B, and beautifully evocative ballads, with Ryder's sublime vocals at the helm. Served up in her distinctive style, which has been touted as the future of contemporary blues music, this record embraces current social issues, while maintaining all blues traditions. **Enjoy the Ride** serves up driving grooves with an allstar rhythm section, smoldering guitar, genius B3 and haunting harmonica. Ryder is supported by an impressive array of some of the finest luminaries in the genre, including Tony Braunagel, Chris Cain, Debbie Davies, Mike Finnigan, Kirk Fletcher, Big L Lou Johnson, Coco Montoya, Johnny Lee Schell and Pieter (Big Pete) van/der Pluijm.

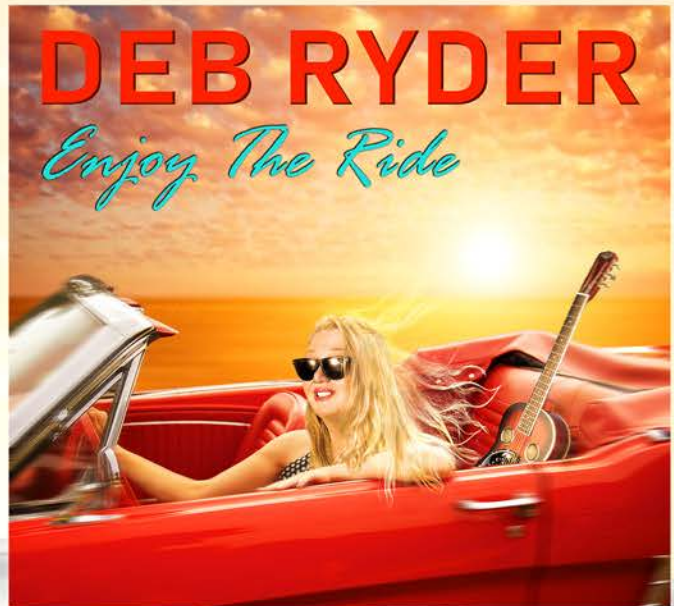

Enjoy The Ride announces definitively that Deb Ryder has earned a permanent place in the blues music spotlight!
